I would give the book 5 stars based upon how much he loves it. However, the book is not very durable. The pages separated from the binding about a month after we received the book.2 of 2 people found the following review helpful. Great book even for young kidsBy JoThis is a great book. I bought it for my 3 year old nieces who were to young for it but believe they will grow into it. They are excited to look at the pictures as we read the book to them.
