This isn't the typical "hero makes miraculous end-of-the world saving moves" action book. It is engaging in a way that keeps the reader's attention throughout. Martin Fletcher's personal war reporter perspective comes shining through in a believable, not overly embellished manner. The characters show their vulnerabilities along with their strength and convictions. The plot is intriguing and the writing is superb. I actually read the whole book on a flight back from China, getting no sleep because I wanted to keep reading. Now that's a sure sign of a "good read".1 of 1 people found the following review helpful. totally adorableBy Lori Sara MendelBecause intense human contact is the essence of life in Israel, I fell in love with everyone in the story and felt part of the family.The author deftly exposes the difficulties in the Arab/Jewish interchange and life together and the possibilities. Yes, adorable.0 of 0 people found the following review helpful. BadBy Kindle CustomerThis felt like a 600 page book, not a 300 page book. The author constantly repeats himself, and didn't know if he wanted to write a thriller or a romance novel. I had to force myself to finish. The first half of the book was great, the second half was horrible.

Winner of a Jewish National Book Award and author of *The List* and *Jacob's Oath*, both of which achieved outstanding critical acclaim, NBC Special Correspondent Martin Fletcher delivers another breathtaking tale of love, war, and redemption. Tom Layne was a world-class television correspondent until his life collapsed in Sarajevo. Beaten and humiliated, he fell into a hole diagnosed as Post Traumatic Stress Disorder. Eleven years later he returns to the Balkans to film a documentary on the man who caused his downfall: Ratko Mladic, Europe's biggest killer since Hitler, wanted for genocide and crimes against humanity. Mysterious forces have protected Mladic for a decade, preventing his arrest, and these shadowy but deadly foes swing into action against the journalist. Tom soon falls into a web of intrigue and deceit that threatens his life as well as that of the woman he loves. Drawing upon his own experiences reporting on the wars in Bosnia and Sarajevo, Martin Fletcher has written a searing love story and a painfully authentic account of a war reporter chasing down the scoop of a lifetime.
